Practice the basic crochet stitches and techniques before working on the workshop project.

HOLDING THE YARN

Leaving an approximately 10cm tail of yarn or from a loop on the hook, wrap the yarn around the little finger of your left hand, across the inside of your three middle fingers and then in front of your index finger and to the back leaving it hanging from your index finger.

HOLDING THE HOOK

Hold the hook in your right hand. With the middle finger and thumb of your left hand, grasp the crochet just under the loop on the hook.

TO MAKE A FOUNDATION CHAIN

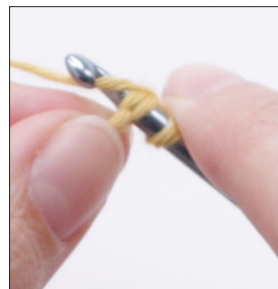

TO MAKE A SLIP KNIT: wrap the yarn around your index finger, draw a strand of yarn through the loop to make a second loop. Insert the hook through the loop.

TO MAKE A CHAIN (CH) STITCH: Wrap the yarn around the hook from back to front and draw the yarn through the loop already on the hook or slip knot. This creates one chain stitch.

TO MAKE A SLIP (SL) STITCH

Insert the hook into the directed space or stitch, wrap the yarn around the hook from back to front and draw the yarn through both loops.

TO MAKE A DOUBLE CROCHET (DC) STITCH: THROUGH THE BACK LOOP, IN THE ROUND

Insert the hook into the directed space or stitch—if working on a sample piece insert the hook into the next stitch under the back loop.

Wrap the yarn around the hook from back to front and draw the yarn through the fabric; two loops on the hook.

Wrap the yarn around the hook, draw the yarn through both loops on the hook.

This creates one double crochet stitch.
